

Phantom™

TENSIONED INDOOR BATTING CAGE

First you see it, then you don't. The Beacon Phantom Tensioned Indoor Batting Cage is so easy to set up and take down, it only takes two people around 5 minutes and you have nothing left hanging from the ceiling. Setup is three easy steps. Just connect the reach poles, lay out your net, hoist and lock the halysards, and you're hitting. Take down is just as easy. Simply release the halysards, let the net drop, unhook the reach poles on the opposite end and collect up the net, and **poof!**; the batting cage disappears ...

FEATURES

- Standard sizes include 70' long for **baseball** and 55' long for **softball** by 14' wide and 14' high
- Standard 1-7/8" mesh **nylon netting**
- Low-stretch **tensioning cables**
- Three complete **cam lock pulley systems** for easy net tensioning and adjustment
- Three reach poles to **eliminate the need for ladders** during set up and take down

OPTIONS

- **Phantom™ Cage Storage Cart.** When the cage needs to be completely taken down and stored the storage cart makes it easy
- **Net Protector.** Net or vinyl panels hung on the batting end of the cage to reduce wear on cage net
- **Golf Netting.** A complete golf net, or baseball / golf combo netting, will double the usefulness of your cage
- **Customization possibilities.** Contact our Project Services Group for design assistance and pricing to get the most out of your batting cage
