

Fence Toppers

Clean lines are part of baseball. The pure geometry of a ballfield is pleasing to the eye. But a fence cap goes beyond that. Those clean lines make an outfield fence stand out and it helps protect players from jagged fence tops.

FEATURES

- Protect players and enhance the playability of your ballpark with our UV-protected smooth or corrugated fence toppers
- A new, affordable way to cover your fence-tops, keep your ball park or playground safe and looking nice.
