

DURA EDGE

**MOUND CLAY**  
FOR MOUNDS AND HOME PLATE

# More stability and better footing through **TIGHTER BONDING.**

**Higher clay content in DuraPitch™ Professional Mound Clay** means you get the stability and wear resistance you expect at the higher levels of play. Tighter bonding clay improves performance of traction and landing stability while delivering reduced wear & repair needs. Like all DuraEdge mound clays, DuraPitch Professional is shredded, screened, premoistened and ready to use right out of the bag.

- An excellent bonding clay for those requiring higher performance in wear areas
- 50% or more clay content
- Brownish-gray color
- Shredded, screened and premoistened for immediate use right out of the bag
- Use to repair wear in ProLoc Block installations

#### **BEST FOR USE ON:**

- Low (infrequent) maintenance ballfields
- Med-High maintenance ballfields
- Youth ballfields — 12 and under
- Adult ballfields — 13 and up

#### **TURFGRASS APPLICATIONS**

- Tarping optional
- Tarping **REQUIRED**
- Water access **REQUIRED**
